Our first Christmas photo 2015. Much has changed!

Our foundation has suffered a huge loss this year with the death of one of our founding missionaries, Sam Turnipseed, a.k.a. Papi. Yet, it has been blessed as well with growth and development.

Our mission: To manifest the love of Jesus Christ by providing care, love, protection, and a home to the orphaned, neglected, and abused children of the Quimistan Valley in Honduras .

Joel, our first child was almost 3 in 2015 when orphaned. He recently celebrated his 7th

Angel, abandoned at birth, was 12 days old and is now 4 !

Moises was 2 months old and abandoned. He is now four!

Victor, abandoned at birth, was 5 days and now is 4!

Julia at 9 months old was living on the streets, and placed in protective care. She is now 4 !

Elias came to us as a 3 day old and is now 16 months!

Lucas came to us at 11 days and is now 1 Both were abandoned at birth

Emmanuel, born in 2017 and abandoned, came to us at 11 days of age and just turned 2!

Alex, 3.5 mths. came to us from an abusive home. We were blessed to love and care for him for 6 weeks. He was then placed in the care of his grandmother.

First trip to the city to see the Christmas décor. Blessed to have the van for such trips!

Our Family Care Program was inaugurated in November of 2018 when Emmanuel became the foster son of Joel and Chantal Cliche. He has 4 older and loving sisters.

As directors of the program, the Cliches, have worked hard this year and we rejoice in the inclusion of our first Honduran foster family, the Perdomos, who are fostering Joel as of November of 2019. He, too, has a supportive older sister and brother.

The next home will be ready by late January 2020 and they are interviewing potential candidates.
